At Connexus, we believe the local church is at its best when everyone's engaged and contributing. That's why we're looking for a Production Director who's more than just technically gifted—someone who's a strong leader, team builder, and developer of people.

In this role, you'll be responsible for leading our Production Team across multiple campuses, with a primary focus on recruiting, equipping, and empowering volunteers. You'll guide both the people and the systems behind our Sunday services, midweek events, and online environments—creating meaningful, distraction-free moments that help people connect with God.

**Reports To:** *Executive Director of Digital & Creative (EDDC)*

**Responsibilities Include:**

- Provide leadership and direction for all production environments at Connexus.
- Manage a multi-site production team (staff, volunteers, and summer students). Actively recruiting, training, and mentoring volunteers to serve in sound, lighting, video, camera operation, and streaming roles across campuses and scheduling and coordinating production volunteers across campuses.
- Participate in weekly planning and debrief meetings.
- Oversee all production systems and network infrastructure across campuses, ensuring quality and stability.
- Ensure ProPresenter files are accurate, complete, and tested for every location.
- Capture and edit Sunday messages for YouTube and online engagement.
- Provide technical support for rehearsals, team nights, and midweek ministry events.

**Responsibilities Include (continued):**

- Make sure our equipment and systems stay up-to-date and functional (and dreaming about what's next).
- Network with other production leaders in the Connexus Network and offer support as needed.
- Other duties as assigned.

**What We Are Looking For:**

- A growing follower of Jesus who's passionate about seeing people meet Christ through the local church.
- A strong and relational leader who can inspire and equip both seasoned and brand-new volunteers.
- Someone who thrives in team settings and loves developing others.
- Calm under pressure, confident in problem-solving, and organized in execution.
- Technically proficient, with experience in environments using ProPresenter, cameras, lighting consoles, streaming gear, and audio systems.
- A hands-on leader who's not afraid to jump in and model what great service looks like.
- Comfortable managing details, timelines, and gear across multiple locations.
- Someone who brings both structure and fun to the team culture.
- Post-secondary education in a related field is helpful, but your leadership and heart for the church matter more.

**Work Schedule:** Full time position; includes Sundays and some evenings. There is some flexibility in office hours.

**Remuneration:** Commensurate with experience.
